

UNT Center for Human Identification (UNTCHI)

Testing and Simplified Laboratory Reports

Notice to Laboratory Customers

Laboratory accreditation requirements (ANAB ISO 17025:2017) dictate that customers, such as law enforcement, attorneys and court personnel, be notified of certain laboratory procedures and policies. This notice serves as a general notification to customers of these practices.

UNTCHI customers agree, prior to any examination being performed, that UNTCHI staff will determine the examinations to be performed, the scope of analysis, and the items to be analyzed. UNTCHI acknowledges that each case is unique and will provide the most appropriate analysis possible.

Any customer submitting evidence to UNTCHI accepts these terms.

Simplified Laboratory Reports

UNTCHI reports in a simplified report format. By submitting evidence to the Forensic, Missing Persons or Forensic Genetic Genealogy Unit for analysis, the customer has agreed to receive simplified reports.

UNTCHI reports will contain the following elements:

- A. UNT Health Science Center logo, the ANAB accredited laboratory logo, where applicable, and the UNT Center for Human Identification address.
